## **POLICY STATEMENT ADDRESSING PREPARATION OF DISCLOSURE OF CRIME STATISTICS and ANNUAL SECURITY REPORT**

The University Police prepares this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. The full text of this report can be located on the CUPD web site at [Cheyney University Annual Security Report](#). This report is prepared in cooperation with the University Police Department, Housing and Residential Services, the Judicial Affairs Officer, the Division of Business Affairs, and the Division of Student Affairs. Each entity provides updated information on their educational efforts and programs to comply with the Act.

Campus crime, arrest and referral statistics include those reported to the CU Police, designated campus officials (**including but not limited to directors, deans, department heads, designated CU staff, judicial affairs, advisors to students/student organizations, athletic coaches**), and local law enforcement agencies. Counseling and Wellness Services staff inform their clients of the procedures to report crime to the University Police on a voluntary or confidential basis, should they feel it is in the best interest of the client.

The University distributes a notice of the availability of this Annual Security and Fire Safety Report by October 1 of each year to every member of the University community. Copies of the report may also be obtained at the University Police Department Headquarters located at McKnight-Rogers Building or by calling (610) 399-2405. All prospective employees may obtain a copy from the University Police Department Headquarters located at McKnight-Rogers Building or by calling (610) 399-2405.

This category is a considered a subset of the On-Campus category.

## **REPORTING CRIMES AND OTHER EMERGENCIES**

All Cheyney University students and employees, as well as visitors to campus, are strongly encouraged to report immediately all criminal activity or other emergencies to the University Police Department. University Police contact number is 610-459-2405 or through one of the blue light emergency phones strategically located around the CU campus. The University has a number of ways for campus community members and visitors to report crimes, serious incidents, and other emergencies to appropriate University officials.

### **Voluntary, Confidential Reporting**

If crimes are never reported, little can be done to help other members of the community from also being victims. Community members are encouraged to participate in and support crime prevention efforts, including the prompt reporting of all crimes, even when the victim of such crime elects or is unable to make a report. The University community will be much safer when all community members participate in safety and security initiatives. If you are the victim of a crime or want to report a crime, but do not want to pursue action within the University or criminal justice system, we ask that you consider filing a voluntary, confidential report to the campus police. Depending upon the circumstances of the crime you are reporting, you may be able to file a report while maintaining your confidentiality. The purpose of a confidential report is to comply with your wish to keep your personally identifying information confidential, while taking steps to ensure your safety and the safety of others. The confidential reports allow the University to compile accurate records on the number and types of incidents occurring on campus. Reports filed in this manner are counted and disclosed in the Annual Security and Fire Safety Report. In limited circumstances, the Department may not be able to assure confidentiality and will inform you in that instance. Anyone may call CU Police at 610-399-2405 to report concerning information. Callers may remain anonymous.

### **Reporting to University Police**

We encourage all members of the University community to report all crimes and other emergencies to University Police in a timely manner.

### **STUDENTS ALWAYS HAVE THE RIGHT TO PROCEED WITH A STUDENT CONDUCT REFERRAL AND UNIVERSITY HEARING RATHER THAN MAKING A REPORT OF AN INCIDENT TO UNIVERSITY POLICE.**

University Police have a dispatch center that is available by phone at 610-399-2405 or in person 24 hours a day at the McKnight-Rogers Building, University Circle, Cheyney, PA 19319. Though there are many resources available, CU Police must be notified of any crime, whether or not an investigation continues, to assure the University can assess all security concerns and inform the community if there is a significant threat to the University community. Confidential reporting can be made through an anonymous tip form available via CUPD web site at [Anonymous Tip Line](#). In addition to the University Police, there are campus security authorities (CSAs) to whom students and employees may report crime.

## CAMPUS SECURITY AUTHORITIES

According to the *Clery Act*, Cheyney University is required to report statistics concerning the occurrence of certain criminal offenses reported to any individual who is identified as a Campus Security Authority (CSA) by Federal Law and by Cheyney University. A Campus Security Authority has an important role in keeping Cheyney University compliant with the law.

**If someone tells you about a Clery Act crime, you must record the information and report it to Cheyney University Police within 24 hours.**

CSA crime reports are used by the university to:

- Fulfill its responsibility to annually disclose Clery crime statistics
- Issue timely warnings for Clery crimes that pose a serious or continuing threat to the campus community.

A campus security authority, commonly referred to as a CSA is a person referred to by the Clery Act. CSA's are a vital part of data collection for the annual safety and security report. The Clery Act requires Cheyney University to provide an annual safety and security report. In addition to input from law enforcement, certain staff positions are designated as Campus Security Authorities (CSA) for the purpose of providing information for this report. CSA's are usually found in departments responsible for, but not limited to, student and campus activities, safety/security, discipline, housing, athletics, human resources or judicial proceedings, volunteers and any person who has interaction with Cheyney University students. This designation also includes any individual who has been specified by the reporting institution to receive and report offenses.

A "Campus Security Authority Reporting Form" is available to any campus official who is designated as a **campus security authority**. This form and a letter of explanation from the Chief of Police are emailed to all CSA's. Campus Community emails are sent throughout the academic year advising the mandatory participation in the CSA training.

Resident Advisors attend a CSA training class during Fall Orientation. This class includes a Clery video, after video discussion, a test about the video and review and understanding of the CSA report form. Cheyney University has developed a presentation on D2L. Staff and faculty CSA's are instructed to log into D2L to view the training power point and answer some review questions. An instructional video for **CSA** training and the Campus Security Authority Reporting Form are available online at [CSA FORM](#).

The Cheyney University Police Department encourages professional and pastoral counselors, although not required to report crimes, to tell victims about the Confidential Reporting Process.

## CONFIDENTIAL REPORTING POLICY

If you are the victim of a crime and do not want to pursue action within the University System or the criminal justice system, you may still want to consider making a confidential report. With your permission, the Chief or a designee of Cheyney University can file a report on the details of the incident without revealing your identity. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. With such information, the University can keep an

accurate record of the number of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method, or assailant, and alert the campus community to potential danger.

Cheyney University understands the amount of strength and courage that is required to come forward and disclose a sexual misconduct. Be it misconduct, assault, sexual exploitation, stalking or dating violence, Cheyney University takes your right to privacy seriously. Because the safety of our students, faculty and staff is of our utmost concern, we are not always able to grant complete confidentiality in a sexual misconduct case, however, we will, to the extent possible, do our best to protect your privacy while meeting the University's legal obligations.

There are some resources that provide complete confidentiality on and off campus. They are as follows:

1. Cheyney University Health Center Doctor. Appointments can be made by phone or in-person at the Health and Wellness Center 610-399-2060
2. Crime Victim's Center of Chester County - 610-692-7273
3. Rape, Abuse and Incest, National Network - hotline 1-800-656-4673
4. Delaware County Women Against Rape- 610- 566-4342

More information about these three organizations can be found in the "Resources" section of this document, which provides a link to resources

Under Title IX, the University has an obligation to investigate all incidents of sexual misconduct, and make victims aware of the resources available to them, while striving to respect the privacy and confidentiality of the victim. Consistent with this and related obligations under Title IX, the confidentiality of all parties to the complaint of sexual misconduct will be observed by University personnel to the extent possible. The University's obligation to protect the safety of its students and to record statistics may not permit complete confidentiality, but the University shall take the necessary measures to ensure that the information shared is limited to those individuals required to know pursuant to law, regulation or University policy. In life-threatening situations, confidentiality is not legally possible and University employees will contact emergency personnel immediately.

Cheyney University will not inform students' parents or guardians of their involvement in a situation involving sexual misconduct unless they are in major medical jeopardy. However, students are strongly encouraged to inform their parents or guardians. College officials will directly inform a student's parents or guardians only when requested to do so by the student.

All reported instances of sexual misconduct will be investigated promptly, thoroughly, and equitably with appropriate response taken to ensure a safe and nondiscriminatory environment for all students, faculty, and staff. Cheyney University will inform the victim before conducting an investigation and determining appropriate action to remedy a situation. A victim may request that no investigation take place or that his or her name not be disclosed to the perpetrator during an investigation. These requests will be evaluated according to the severity of the situation and the threat that the perpetrator(s) poses to the overall safety of the campus community. The University will notify the victim if and when confidentiality and/or compliance with their wishes cannot be guaranteed.

## EMERGENCY RESPONSE AND EVACUATION PROCEDURES

The Office of Public Safety and University Police are responsible for the Emergency Operations Plan (EOP). This plan is designed to be an all-hazards disaster response and emergency management plan that complies with FEMA guidelines for Higher Education that includes planning, mitigation, response, and recovery actions.

Our priorities are:

- Life safety, infrastructure integrity, and environmental protection during an emergency;
- Coordination with university departments to write, maintain, test, and exercise the EOP; and
- Cooperation, Integration, and Mutual Aid with local, state and federal planning, response, and public safety agencies and their EOPs.

The University's Emergency Operations Plan was updated in November of 2014, as a result of the Pennsylvania Emergency Management Agency (PEMA) format changes to emergency plans. This update was completed in conjunction with the URS Corporation and the University's Office of Public Safety. The plan is reviewed on an annual basis for updates. This plan is distributed to all campus and community township offices. Chester County Emergency Services conduct exercises and training for Cheyney University staff and community stakeholders annually, striving to improve emergency response and organization.

There are four goals of the EOP:

1. Preparedness: Planning for an emergency or disaster event;
2. Response: The planned response to an emergency or disaster event;
3. Recovery: The process of returning to normal operations; and
4. Mitigation: Steps taken to prevent the effects of an emergency or disaster itself.

The hazard mitigation plan was updated and approved in November, 2015, for the university in conjunction with Michael Baker International and PASSHE. The plan meets PEMA guidelines.

Cheyney University has developed an Emergency Operations Plan that provides a comprehensive set of guidelines for directing resources before, during and after campus emergencies and disasters. The Cheyney University Police Department is very proactive in training all police officers and the community for emergency preparedness, response and recovery. The plan includes a set of guidelines for emergency procedures which are posted with evacuation diagrams in all the campus buildings.

A quick reference EOP guideline can be found at: [EOP Quick Reference Guide](#)

The campus community is encouraged to become familiar with the contents of this guide. In the event of an emergency, it is designed to serve as a quick reference for effective action. New employees and students are introduced to this guide during orientation. If there are any questions or comments regarding this guide, please contact Environmental Health and Safety Department at 610-399-2449 or Human Resources at 610-399-2058. A complete EOP is available upon request.

Guidelines that can help and assist our Cheyney Campus Community in the unlikely event of an Active Shooter are listed in the link below. Cheyney University Police Officers are highly trained in this area and will guide you in the right steps to take. Guidelines have been developed for your protection. Please take a few minutes and familiarize yourself with them so you know what to do in the event of a Violent Behavior Situation. Remember, the best prevention is to BE PREPARED! [Active Shooter](#)

Cheyney Police Officers are highly trained to protect the University at all costs. Officers go through mandatory training in all categories to handle dangerous situations. All police officers in surrounding communities undergo Active Shooter training as well.

The CUPD tests emergency response and evacuation procedures on at least an annual basis during drills and other exercises. These tests are initiated by the CUPD and are normally announced and publicized in advance of the drill or exercise. The CUPD maintains records of all tests, drills and exercises that include a description of the exercise, the date, time, and whether it was announced or unannounced.

### **Crisis Communications Plan for Cheyney University of Pennsylvania**

#### **Purpose:**

To identify natural and man-made emergencies or crises that may impact the campus community and to establish **communications** procedures that campus officials should follow in case of an emergency.

All departments within the Cheyney University campus community should become familiar with this plan and formulate their own action plans or emergency operations checklist to complement this plan.

This plan addresses communications procedures within the **Campus Emergency Management Plan** conducted within the framework of the University guidelines. Any exception to these procedures will be conducted by, or with the approval of the University administrators directing and/or coordinating the emergency operations.

Advance planning for the eventuality of a crisis will accomplish two objectives for Cheyney University:

- it may uncover potential crises and thus, help the university avoid them.
- it provides a plan for action when a crisis occurs.
- it will serve to prevent the loss of goodwill from University constituents.

The plan covers two kinds of crises: emergency and non-emergency.

An emergency crisis is defined as any event that places the employees of Cheyney University, its students, or its property in direct physical jeopardy.

A non-emergency crisis is any event with unexpected consequences that may adversely affect the image of the university, yet poses no immediate physical threat to people or property.

The basic emergency procedures outlined in this plan are to protect life and property through effective use of University resources, and to provide for the physical and emotional well - being of the members of our campus community during and immediately following an emergency.

This plan involves an integrated response to a University emergency.

Whenever an emergency affecting the University reaches proportions that cannot be handled by routine measures, the President, or his designee, may declare a state of emergency and implement an Emergency Management Plan. The Crisis Communications Plan is an integral part of the Emergency Management Plan.

The specific actions implemented will be dependent on the nature and severity of the situation. Since an emergency may be sudden and without warning, these procedures are designed to be flexible in order to accommodate contingencies of various types and magnitudes.

## **TYPES OF EMERGENCIES**

The following list identifies those emergencies that would pose the greatest need for a response:

- Fire
- Natural disaster
- Chemical or radiation spill
- Violent or criminal behavior
- Utility failure
- Bomb
- Civil disturbances or demonstrations
- Medical/Psychological (epidemic, poisoning, threats of harm to self, others)
- Public relations issues (athletics, budgetary issues, student safety issues, management issues)
- Transportation accident (accident involving vehicles; accident involving commercial conveyance carrying University personnel; private/corporate aircraft crash on campus)

## **THE PLAN FOR CRISIS COMMUNICATION**

All unit heads of Cheyney University will have a copy of this written plan to handle communications in crisis situations.

This crisis plan covers both types of events:

Emergency – a situation that causes or threatens to cause loss of life or physical property, or threatens the general safety and welfare of individuals working in or around Cheyney University (e.g. fires, explosions, accidents, vehicular mishaps, or severe weather).

Non-emergencies – an unforeseen situation that threatens the reputation or stature of Cheyney University; that poses legal ramifications and that poses direct physical threat to either employees or property at the university (e.g. public disclosures of scandal).

Both types of events make news. Because Cheyney University is a public institution, the public has a right to know the facts of these events as they emerge. In a crisis situation Cheyney University will disclose factual information as quickly as possible, but always with regard for individual privacy and legal responsibility.

This crisis communications plan provides a procedural guide and contact information for key campus individuals in time of crisis. The policy of Cheyney University is to respond quickly and accurately to all legitimate requests

for information about any crisis that affects the university, its employees, its students, and its public image with full regard for individual privacy and legal responsibility.

## TIMELY WARNINGS AND EMERGENCY NOTIFICATIONS

### Assessment & Notification Procedures

1. **Assessment** – The Cheyney University President or their designee will be made aware of a potential crisis or emergency by the Chief of the Cheyney University Police Department or their designee. The Chief of Police and or their designees then determines whether it is appropriate to issue a Timely warning or Emergency Notification. Once activated, the Cheyney University President will notify each of the institutional Communications Directors/Public Information Officers or their backups as soon as practical.
2. **Issuance of a “Timely Warning” Policy** – Per the requirements of the Clery Act, “Timely Warning” advisories are made to the campus community for crimes that are reported to the Cheyney University Police Department or local police and which may represent an ongoing threat to the safety of students or employees. The Chief of the Cheyney University Police Department, or their designee, shall make the decision as to whether an incident poses an ongoing threat and if a “Timely Warning” advisory is required. In the event that an advisory is required, the Chief of Police, or their designee, shall provide the Cheyney University President or their designee with the specifics of the case for the purpose of drafting the “Timely Warning” advisory.
3. Timely Warning Notifications will include at minimum:
  1. A short description of the incident or type of crime, including date, location, and time of occurrence.
  2. A physical description of the suspect, if available, including gender and race.
  3. A composite drawing or photograph of the suspect, if possible.
  4. Gender of the victim(s), if appropriate.
  5. Injury sustained by the victim(s), if appropriate.
  6. Date and time the notice was released.
  7. A warning to the campus community to exercise caution.

**In all cases, Timely Warning advisories and updates are sent by Cheyney Police and Public Relations via electronic mail directly to all staff, faculty, and students on the Cheyney University Campus using their institution-provided email accounts, and all persons who have subscribed to e2Campus. They are also posted on social media networks.**

**The University police may not issue a Timely Warning if:**

- The crime was revealed to a pastoral or professionally licensed counselor.
- The department apprehended the suspect(s) and the threat of imminent danger for members of the community is mitigated.
- Issuing a Timely Warning would severely jeopardize an ongoing criminal investigation or the safety of an individual. Issuing a Timely Warning would possibly cause a suspect to flee or evade detection.
- Issuing a Timely Warning would result in the destruction of evidence.
- Issuing a Timely Warning would likely identify the victim. Timely warnings must withhold the name of the victim.

- 4. Issuance of Emergency Notification-** When a dangerous event is detected or reported, Campus Safety personnel will assess the situation and respond accordingly to verify that the situation is indeed a threat to the CU Community. If a verified significant emergency or dangerous situation occurs on campus that, in the judgment of the Chief of Police or the University President, creates an immediate threat to the health or safety of students or employees, or otherwise warrants a notification, an **“emergency notification”** will be issued. For example, emergency notifications may include notices such as an approaching forest fire, or a fire currently raging in one of your buildings, an outbreak of meningitis, norovirus or other serious illness, an approaching tornado, hurricane or other extreme weather conditions, earthquake, gas leak or a terroristic threat. In all cases, Emergency Notifications are sent by Cheyney Police and Public Relations via electronic mail directly to all staff, faculty, and students on the Cheyney University Campus using their institution-provided email accounts, and all persons who have subscribed to e2Campus. They are also posted on social media networks.

**Crisis Communications Spokesperson**

The designation of a spokesperson is incident-dependent. Generally, this is the highest-ranking individual who has direct knowledge of the events, or the Cheyney University President. The individual selected will have the highest credibility and understanding of the events surrounding the crisis. Other qualified public information officers may fill in for these individuals if the crisis is prolonged, but they should not be the initial responders to the general public, the media, or the campus community.

In the event that the incident is related to a criminal act, the basic thresholds that the CUPD may use to determine the lead agency for public information are as follows:

Misdemeanor Crime = Cheyney University Police Department lead (APD Chief or designee)

Felony Crime = Cheyney University Police Department lead (CUPD Chief or designee)

As a criminal act relates to a particular student/faculty/staff of a single institution, the institutional PIO (610) 399-2220, shall be the primary media contact, in partnership with the law enforcement spokesperson.

Incidents that are not crime-related will follow similar guidelines. Situations that affect a single institution, such as a student death, will be represented by the respective PIO.

President's Cabinet

**History:** Issued-8-1-2012

Revised -11-7-2017  
Revised – 06-07-2019

## 1. Purpose

To ensure compliance with the Timely Warning requirements of the Jeanne Clery Act and to provide the University Community, including students, faculty, and staff, with timely information about current or on-going threats. **To report crimes occurring on campus call Cheyney University Police at 610-399-2405.**

## 2. Scope

This policy applies to students, staff, faculty, administration, employees, contractors, consultants, temporary help and others at the Cheyney University campus.

Cheyney University, as a recipient of Federal Title IV student financial aid, is required to adhere to provisions of the Jeanne Clery Disclosure of Campus Security Policies and Campus Crime Statistics Act, commonly referred to as the Clery Act. The Clery Act requires all postsecondary institutions receiving Federal Title IV financial aid to issue Timely Warnings to the campus community for certain crimes that occur within our Clery Geography, in a manner that is timely and will aid in the prevention of similar crimes.

The intent of a warning regarding a criminal incident is to enable people to protect themselves.

## 3. Definitions

Clery Geography – Physical parameters defined by the Clery Act for the purposes of crime reporting, specifically:

### A. On campus -

1. Any building or property owned or controlled by Cheyney University within the same reasonably contiguous geographic area and used by the university in direct support of, or in a manner related to, the university's educational purposes, including residence halls.

2. Any building or property that is within or reasonably contiguous to paragraph (A) of this definition, that is owned by the university but controlled by another person, is frequently used by students, and supports university purposes (such as food or other retail vendor).

B. Non-campus - Any building or property owned or controlled by a student organization that is officially recognized by the university; or any building or property owned or controlled by the university that is used in direct support of, or, in relation to, the university's educational purposes, is

frequently used by students, and is not within the same reasonably contiguous geographic area of the university.

C. Public Property - All public property, including thoroughfares, streets, sidewalks, and parking facilities, that are within the campus, or immediately adjacent to and accessible from the campus.

D. Clery Act reportable crimes: murder and non-negligent manslaughter, negligent, manslaughter, forcible sex offenses, non-forcible sex offenses, robbery, aggravated assault, burglary, motor vehicle theft, arson, arrests for liquor law violations, drug law violations, illegal weapons possession, and hate crimes to include larceny-theft, simple assault, intimidation, and destruction/damage/vandalism of property if the victim was intentionally selected because of the victim's actual or perceived race, gender, religion, sexual orientation, ethnicity, or disability.

Confirmation - When a University official has verified that an immediate threat exists. Confirmation does not necessarily mean that all the pertinent details are known or even available.

Designee - A person selected to carry out a role for a specific period of time.

Notification Systems - Public address system, mass text messaging, university emails, social media, Safety website and paper postings at common entrances to residential, academic and administrative buildings.

Official - Any person who has the authority and the duty to take action or respond to particular issues on behalf of the university.

#### **4. Policy**

A. Requirement - Under the requirements of the Jeanne Clery Act, the University must provide faculty, staff, and students with timely warnings about reported crimes, occurring on or off-campus which in the professional judgment of the Chief of Police or designee, constitute a serious, ongoing, or continuous threat. All members of the University community are encouraged to report any crime or hazard to the Cheyney University Police as soon as possible after the incident. Timely warnings may be made about any serious crimes, whether reportable under the provisions of the Clery Act or not.

B. Responsibilities - The Chief of Police or designee is responsible for:

- a. Determining whether or not the situation actually poses a threat to the University Community, and making the decision to issue timely warnings on a case-by-case basis, considering factors such as the nature of the threat, the continuing hazard to the University community, and the possible risk of compromising law enforcement efforts.
- b. Issuing timely warnings to faculty, staff, and students on the involved campus (es) as soon as possible after pertinent information about the threat becomes available.
- c. As appropriate, notifying the President, and/or other University administrators about crimes and timely warnings.
- d. Summoning the necessary resources to mitigate, investigate, and document any serious crime occurring on-campus.
- e. Interacting with other local law enforcement agencies to obtain information about crimes occurring off-campus and to help ensure that such crimes are mitigated, investigated, and documented by the local law enforcement agency.

#### **5. PROCEDURE**

A. Methods of Distribution Timely warnings will be distributed via some or all of the mechanisms listed below,

or any other appropriate means. The list is not prioritized or ranked, the Chief of Police or designee will determine the most appropriate means to distribute the message based on the information being disseminated, segment(s) of the University Community being notified and other related factors.

1. Text messaging to cell phones or e-mail. Registration required.
2. E-mail from: cheyney.edu
3. Postings on campus buildings
5. Media releases/press conferences

Crimes can be reported to Cheyney University Police directly, through a Campus Security Authority, or other police agency. Timely Warnings are provided to give the students, employees and others timely notification of crimes that may represent a serious or on-going threat to the campus community and to heighten safety awareness.

Information to be included in Timely Warnings is date and time of the crime, nature of the crime, a general location (at minimum), information that promotes safety such as safety tips, and any information that will assist individuals in protecting themselves.

Timely Warnings shall withhold any information that will identify victims. Timely Warnings may be issued by some or all of the identified notification systems. Updates will be provided as necessary.

In instances when communication cannot be established with the Timely Warning Committee, the police shift sergeant or officer in charge will make the determination as to the issuance and content of the warning. The warning would then be sent by police dispatch personnel.

#### **6. Emergency notification**

If there is an immediate threat to life, health, or safety of students or employees occurring on-campus, whether related to a crime or other hazard, the University will issue an emergency notification, the procedures and protocols for which are found in the University's Emergency Communication Procedure and Crisis Communication.

## **LAW ENFORCEMENT AUTHORITY AND INTER-AGENCY RELATIONSHIPS**

Cheyney University employs a 24-hour Police and Security force aimed to serve, protect, and educate the campus community.

The Cheyney University Police Department enforces the laws, rules, and regulations of the Commonwealth of Pennsylvania and of Cheyney University, thereby safeguarding the welfare of the university community. Cheyney Police have 13 full time sworn police officers who have received their primary training under the Pennsylvania Municipal Police Officers Education and Training Act (PA Act 120). This is the same required training that municipal police officers throughout Pennsylvania receive. Officers on campus participate in annual police update training under PA Act 180.

Police Officers employed at Cheyney University receive their police powers from the Governor of Pennsylvania and have full power of arrest for any violation of law on campus property. University Police are responsible for

enforcing all Federal, State and Local laws in addition to the rules and regulations of the University. University Police are responsible for investigating all reports of criminal activity on campus and to coordinate with other law enforcement agencies as needed.

Police Officers patrol all of the buildings on our campus around the clock every day of the year. Patrol may be conducted in vehicles or on foot. Police Officers not only respond to reported criminal incidents, but they also handle vehicle accidents, EMS incidents and a variety of service calls.

The Cheyney University Police Department maintains a close working relationship with the Pennsylvania State Police. The CUPD staff occasionally work with other law enforcement agencies in the local area, including the Westtown - East Goshen Police Department, West Chester Police Department, West Goshen Police Department, and the Chester County and Delaware County DA Offices. The CU Police Investigators work closely with the investigative staff of neighboring police departments when incidents arise that require joint investigative efforts, resources, crime related reports and exchanges of information, as deemed necessary. There is no written memorandum of understanding between CUPD and any other police agency.

The CUPD communicates with the campus Office of Judicial Affairs to hold students accountable for their behavior both on and off campus. Contractual security is used to supplement campus police during special events and activities.

Cheyney University Campus do not have any off campus or noncampus officially recognized student organizations.

Additionally, victims of stalkers or persons with protection orders against another party are strongly encouraged to notify the Cheyney University Police Department of the threat and to provide CUPD a copy of the protection order so that CUPD Officers may enforce it. More written information about Protection from Abuse Orders in Pennsylvania can be found at: [Protection From Abuse](#). You can file this PFA in the Court of Common Pleas Family Division. Most Family Divisions have a system allowing you to file pro se (on your own), or through your attorney or the local legal services office. The Cheyney University Police Department also provides an **anonymous reporting option** for victims of crimes, who do not wish to be identified. Victims of crimes who wish to remain anonymous may obtain these forms via CUPD web site at [Anonymous Tip Line](#).

A community and its police must do more than simply react to crime. It is important to look for opportunities to deter and/or prevent crime. Cheyney University provides the following services and programs to improve safety on campus and to make the community aware of campus crime and efforts to reduce criminal activity, as well as to minimize their chances of becoming a victim. ## ON GOING

### **Sexual Abuse Counseling and Sexual Offense Education**

The University prohibits sexual assault, domestic violence, dating violence and stalking. The University offers programs to promote awareness of sexual assault, rape, acquaintance rape, domestic violence, dating violence, and stalking throughout the academic year. These programs include primary prevention and awareness to incoming students and new employees, as well as ongoing programming for all students and faculty. These programs define sexual assault, domestic violence, dating violence and stalking and include training on the definition of consent for sexual activity. The University also provides training on bystander intervention options. In addition, the University provides programs on its policies and procedures to be followed once an incident of sexual assault, domestic violence, dating violence or stalking has been reported.

### **How to Be an Active Bystander**

Bystanders play a critical role in the prevention of sexual and relationship violence. They are “individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up, or do something about it.”<sup>1</sup> We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. We may not always know what to do even if we want to help. Below is a list of some ways to be an active bystander. Further information regarding bystander intervention may be found. If you or someone else is in immediate danger, call CUPD at (610)-399-2405. This could be when a person is yelling at or being physically abusive towards another and it is not safe for you to interrupt.

1. Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help, ask if they are ok.
2. Confront people who seclude, hit on, try to make out with, or have sex with people who are incapacitated.
3. Speak up when someone discusses plans to take sexual advantage of another person.
4. Believe someone who discloses sexual assault, abusive behavior, or experience with stalking.
5. Refer people to on or off campus resources listed in this document for support in health, counseling, or with legal assistance.

### **Risk Reduction**

With no intent to victim blame and recognizing that only abusers are responsible for their abuse, the following are some strategies to reduce one's risk of sexual assault or harassment (taken from Rape, Abuse, & Incest National Network, [www.rainn.org](http://www.rainn.org)). These strategies are incorporated in CU's Preventative Education for students and employees.

1. **Be aware** of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
2. Try to **avoid isolated areas**. It is more difficult to get help if no one is around.
3. **Walk with purpose**. Even if you don't know where you are going, act like you do.
4. **Trust your instincts**. If a situation or location feels unsafe or uncomfortable, it probably isn't the best place to be.
5. **Try not to load yourself down** with packages or bags as this can make you appear more vulnerable.
6. **Make sure your cell phone is with you** and charged and that you have cab money.
7. **Don't allow yourself to be isolated** with someone you don't trust or someone you don't know.
8. **Avoid putting music headphones in both ears** so that you can be more aware of your surroundings, especially if you are walking alone.
9. **When you go to a social gathering, go with a group of friends**. Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you to find a way out of a bad situation.
10. **Trust your instincts**. If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.).
11. **Don't leave your drink unattended** while talking, dancing, using the restroom, or making a phone call. If you've left your drink alone, just get a new one.
12. **Don't accept drinks from people you don't know or trust**. If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don't drink from the punch bowls or other large, common open containers.
13. **Watch out for your friends, and vice versa**. If a friend seems out of it, is way too intoxicated for the amount of alcohol they've had, or is acting out of character, get him or her to a safe place immediately.
14. **If you suspect you or a friend has been drugged, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.)**. Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly others).
15. If you need to get out of an uncomfortable or scary situation here are some things that you can try:
  - a. **Remember that being in this situation is not your fault**. You did not do anything wrong, it is the person who is making you uncomfortable that is to blame.
  - b. **Be true to yourself**. Don't feel obligated to do anything you don't want to do. "I don't want to" is always a good enough reason. Do what feels right to you and what you are comfortable with.

- c. **Have a code word with your friends or family** so that if you don't feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come to get you or make up an excuse for you to leave.
- d. **Lie.** If you don't want to hurt the person's feelings it is better to lie and make up a reason to leave than to stay and be uncomfortable, scared, or worse. Some excuses you could use are: needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.
16. **Try to think of an escape route.** How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?
17. **If you and/or the other person have been drinking,** you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.

The **Haven Program** has been used as a tool to educate students.

**Haven** relies on proven prevention theories and educational strategies to help students understand the many aspects of the sexual assault issue. The program uses a population-level approach to educate all students about the elements of healthy relationships, the importance of sexual consent, and the role of bystanders in creating safe and healthy communities. Some of the important exercises within the course help students identify personal and relationship values, develop a conceptual and observational understanding of consent, identify red flags for unhealthy relationships and model safe, positive bystander behavior.

## **DAP**

Domestic abuse is an ongoing pattern of controlling behaviors used to physically, emotionally, sexually, and psychologically exert power over a current or former intimate partner or family member. Abuse is often cyclical in nature and will not go away. It usually gets worse and increases in frequency over time.

DAP was founded in 1976 as part of an effort to provide safety, advocacy and supportive services to victims of domestic abuse not otherwise available within Delaware County. Throughout the year this organization presents programs to staff and students and provides support when called.

## ACCESS TO CAMPUS FACILITIES

The Cheyney University of Pennsylvania Campus is open to the public. The majority of academic and administrative buildings is open during normal business hours (typically Monday through Friday, from 8am to 5pm, except Holidays) and are typically secured during the late evening hours, depending upon special event scheduling and community usage. The designated 24-hour academic buildings are typically secured from 11pm to 6am each night and access is gained to these buildings via the access control system. CU residence hall access is restricted to CU residence students and authorized staff, and is secured 24 hours a day/7 days a week by an access control system. Members of the Department of Public Safety regularly patrol the interiors and exteriors of all campus facilities, buildings, and residence halls. Cheyney University Police also

works closely with the Facilities Management Department to maintain building security and key control. In certain buildings on campus, individuals can request special access afterhours. To gain admittance to a building that is closed, proper identification must be presented to Cheyney University Police Officers.

All four residential building front doors are locked 24 hours daily and are accessed via the student's ID card. All secondary exits are alarmed 24 hours a day. Most secondary exits are alarmed and have internal crash bar mechanisms and no outside door handles. Resident students and their guests are required to use the main entrance when entering or exiting a building. Access to residence halls is restricted to residents and their approved guests, and other approved members of the University community. Contracted security guards or resident advisors staff the entrance to each residential hall every day of the week. Residents gain entry by swiping their cards in the card access readers at the main entrance. All residence halls are equipped with an automatic fire alarm system that is monitored by the Cheyney University Police Department. Notification of any safety and security measures that have changed will be updated annually and would be announced via use of university media. Each student room is equipped with a lockable door. Lock changes are ordered when students report a lost key. The staff supervises a file key and master key system that is used to gain entry to a student's room under special circumstances only. Over extended breaks, the doors of all residence halls will be secured around the clock. Student ID cards are deactivated, except for those who have been approved by Residence Life to remain on campus. A list of students remaining on campus over extended breaks is made available to CUPD.

Emergencies may necessitate changes or alterations to any posted schedules. Areas that are revealed as problematic are studied or work orders are submitted. Administrators from the Dean's Office, Physical Plant, Residence Life, and other concerned areas review identified problems. Any security issues may include: landscaping, locks, alarms, lighting, and communications. Additionally, during the academic year, the Directors of Facilities Management, Housing, Residence Life, Campus Police, and Maintenance meet to discuss issues of pressing concern.

## DRUG, ALCOHOL AND SUBSTANCE ABUSE POLICY

No persons regardless of age are permitted to possess, transport or consume alcoholic beverages on campus with the exception of certain presidential legally approved non-student activities. It is unlawful to sell, furnish or provide alcohol to a person under the age of 21. The possession, sale, manufacture or distribution of any alcohol or any controlled substance (drugs) is illegal under both state and federal laws. Such laws are strictly enforced by the Cheyney University Police Department. Violators of the law are subject to University disciplinary action and **criminal prosecution under state and/or federal laws**. The university has developed a program to prevent the illicit use of drugs and the abuse of alcohol by students and employees. The program provides services related to drug use and abuse including dissemination of informational materials, educational programs, counseling services, referrals, and university disciplinary actions. In Pennsylvania, it is illegal for anyone under the age of 21 to purchase, possess or consume alcohol. It is also illegal for anyone to use or possess controlled drugs. At Cheyney University, it is illegal for any student, regardless of age, to possess or consume alcohol on campus or to return to campus under the influence.

### ILLEGAL DRUGS

The Cheyney University campus has been designated "Drug free" and only under certain circumstances is the consumption of alcohol permitted. The possession, sale, manufacture or distribution of any controlled substance is illegal under both state and federal laws. Such laws are strictly enforced by the Cheyney University

Police Department. Violators are subject to University disciplinary action, criminal prosecution, fine and imprisonment. More specific and detailed information about Cheyney University policies addressing drugs and alcohol concerns can be found in, student handbooks, personnel offices or administrative policy information. Faculty, staff and students are encouraged to obtain this information through the Residence Life [Residence Housing Policies & Procedures](#), The [Student Handbook](#), The [Student Code of Conduct](#) or by contacting the Cheyney University Police Department.

The Cheyney Police Department and the Residence Life and Housing Staff members will enforce the State law and rules of the University as follows:

- A member of the RLHS or Cheyney Police may enter a student's room for visual inspection when there is reasonable suspicion of a rule violation.
- Possession of alcohol or drugs will result in disciplinary action and may result in criminal action.
- Any student responsible for organizing or providing a location for a gathering where alcohol is served, shall be referred for disciplinary and possible criminal action. Any student in attendance where alcohol is served, whether they have been consuming or not, shall be referred for disciplinary action.
- Any person responsible for having a keg of beer or like quantity of alcohol in a housing facility shall be subject to loss of housing or suspension from the University.
- Any student responsible for having drugs, drug paraphernalia or furnishing drugs may be subject to loss of housing or suspension from the University.

Since alcohol is not allowed on our campus, collections or displays of alcohol containers of any sort are prohibited. **Empty alcohol containers, even for decorative or sentimental reasons, are not allowed.**

All students are expected to abide by University policy and the laws and regulations of the Commonwealth of Pennsylvania and the United States of America. Policies regarding alcohol and other drugs are clearly stated in the <https://cheyney.edu/who-we-are/compliance-policies/policies-for-students/> which prohibits the unauthorized use, consumption, possession, sale, distribution or abuse of alcoholic beverages, illegal drugs, controlled substances or drug paraphernalia, as well as "acts against public order and decency including, but not limited to, ...intoxication resulting from the use of alcohol and controlled substances..."

Students who violate the law may incur penalties from civil authorities. Violation of a University regulation will result in sanctions through the Office of Student Judicial Affairs. These can include mandatory alcohol/drug education or evaluation and other sanctions ranging from disciplinary probation to suspension or expulsion and referral for prosecution. A summary of the laws and penalties related to alcohol and other drug offenses is included below.

## **SANCTIONING FOR ALCOHOL AND DRUG VIOLATIONS**

The University considers violations of the alcohol and substance abuse policies and laws to be serious in nature. Such violations are dangerous to the physical and emotional well-being of Cheyney University students, as well as compromising to the University's reputation within the community. Therefore, the following sanctioning guidelines are provided to inform students of the potential consequences for

violating these policies both on and off campus. Be advised that the University reserves the right to alter these sanctions at the discretion of the adjudicating authority.

## **SEXUAL ASSAULT POLICY STATEMENT**

### **Sexual Assault Policy Statement**

No person shall sexually assault any member of the student community. Students shall be free to report any sexual assault without fear of retaliation. Retaliation or threats of retaliation against a student bringing a charge of sexual assault will be treated as a separate and serious violation of College policy.

For the purposes of this policy, sexual assault is defined as any act in which a member of the student community is forced to engage in sexual activity against their will or without their consent, including situations in which physical sexual acts are perpetrated against a person's will or when a person is incapable of giving consent due to use of drugs or alcohol, or due to an intellectual or other disability. Consent must be mutual and unambiguously communicated agreement to participate in sexual activity. "Sexual assault" as used in this policy includes not only physically assaultive behavior but also extreme verbal threats, physical or verbal intimidation, and/or indecent exposure. The College's policy on sexual assault also applies to intimate partner and relationship violence, stalking and bullying based on sex or gender. Although Pennsylvania criminal law distinguishes between rape and sexual assault (defining rape as involving penetration), the College policy defines as unacceptable any act in which one person forces another or attempts to force another to engage in any sexual act.

The goals of this policy are to create a community free from sexual misconduct of all kinds, to provide avenues for those affected by sexual assault, harassment or discrimination to obtain assistance and provide a prompt and equitable complaint and investigation procedure.

### **SEXUAL ASSAULT & RELATIONSHIP VIOLENCE**

"What Everyone needs to know," contains important information for the Cheyney University of Pennsylvania community about sexual assault and relationship violence resources, assistance, procedures, policies and other important matters.

### **CAMPUS SEXUAL ASSAULT POLICY**

Cheyney University educates the student community about nonconsensual intercourse, non-Consensual sexual conduct, sexual harassment, and sexual exploitation through mandatory freshman orientations each fall. The Police Department offers sexual assault education and information programs to University students and employees upon request. Literature on date rape education, risk reduction, is available through the Office of Residence Life and Housing, The Cheyney University Police Department, National Sexual Violence Resource Center.

If you are a victim of a sexual assault at Cheyney University, your first priority should be to get to a place of safety. You should then obtain necessary medical treatment. The Cheyney University Police Department strongly advocates that a victim of sexual assault report the incident in a timely manner. Time is a critical factor for

evidence collection and preservation. An assault should be reported directly to a University officer and/or to a Housing and Residential Education representative. Filing a police report with a University officer will not obligate the victim to prosecute, nor will it subject the victim to scrutiny or judgmental opinions from officers. Filing a police report will:

- ensure that a victim of sexual assault receives the necessary medical treatment and tests, at no expense to the victim;
- provide the opportunity for collection of evidence helpful in prosecution, or helpful in obtaining a protection order, which cannot be obtained later (ideally a victim of sexual assault should not wash, douche, use the toilet, or change clothing prior to a medical/legal exam); If the survivor agrees, police will contact a Women Against Rape advocate, who will accompany them to the hospital and be examined by a Sexual Assault Nurse Examiner (SANE).
- assure the victim has access to free confidential counseling from counselors specifically trained in the area of sexual assault crisis intervention.

When a sexual assault victim contacts the Cheyney University Police Department, a representative from Office of Residence Life and Housing will also be notified. The victim of a sexual assault may choose for the investigation to be pursued through the criminal justice system and the University Judicial Office, or only the latter. A University representative from the Police Department, Office of Residence Life and Housing or support counselor will guide the victim through the available options and support the victim in his or her decision. These written options are provided to the victim. An explanation of these rights, and more are also available at; [Title IX Resources](#) Which include, but are not limited to:

Report the rape or sexual offense to the Cheyney University Police Department, the Student Affairs Office and/or local polices for adjudication in both or either jurisdiction. • Provide insight for amnesty for conduct violations (i.e. alcohol policy) related to the same incident in question; • Provide insight on whether or not to move forward with Student Code of Conduct charges and/or participate in a hearing; • Have every effort made to respect a student or employee's privacy; • Contact supportive services such as a rape crisis center; • Freedom from intimidation or harassment by the alleged respondent to others; • Request a change of living arrangements and/or academic schedules or those of the alleged respondent; • Select an advocate of choice who may be a member of the University community or a private attorney to accompany him/her through all University student conduct processes; • Protection against discussion of non- relevant, past sexual history during the hearing; • Have the option to remain physically present during the entire student conduct hearing and participate fully in the hearing, including the opportunity to present evidence and witnesses; • Have the option to provide testimony from a remote on-campus location; • Be informed, in writing, of the outcome of the hearing, the potential for appeal by either party, and the final disposition of appeal, if applicable; • Have the case decided by preponderance of evidence (i.e. it is most likely than not the sexual offense occurred);

Various counseling options are available from the University through the Student Support Counselor or University Health Center. Counseling and support services outside the University system can be obtained through The Delaware County Women Against Rape, and The Crimes Victim Center of Chester County, Inc. The University will make every effort to accommodate victim requests associated with academic and living situations that can reasonably be accomplished. Reasonable measures will be taken to avoid victim/suspect contact until final disposition and due process take place. Violators of sexual assault statutes can be prosecuted criminally and are subject to University judicial proceedings as well. During judicial proceedings, both the victim and the suspect have equal rights to have others present. Both the victim and the suspect will be advised of the outcome of any judicial proceeding. A judicial hearing board may impose a sanction for violations of this nature, including probation, loss of on-campus housing, suspension, or expulsion from the institution.

## **Confidentiality**

Accommodations or protective measures are available if the victim requests them and if they are reasonably available, regardless of whether the victim chooses to report the crime to campus police or local law enforcement.

The University will protect the confidentiality of victims. The University will withhold the identifying information about the victim from publicly-available recordkeeping to the extent permissible by law. In addition, members of the University Disciplinary Committee or Residence Life Hearing Officer are required to execute a statement of confidentiality as to information received regarding any student disciplinary matter. The University will maintain as confidential any accommodations or protective measures provided to the victim, to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures. The victim may request in writing or verbally a change in accommodations to The Title IX Coordinator or if an employee, human resources. This written information is available in the student handbook, or at human resources.

## **Disclosure to Alleged Victims of Crimes of Violence or Non-forcible Sex Offenses**

Cheyney University will, upon written request, disclose to the alleged victim of a crime of violence, or a non-forcible sex offense, the results of any disciplinary hearing conducted by the college against the student who is the alleged perpetrator of the crime or offense. If the alleged victim is deceased as a result of the crime or offense, Cheyney University will provide the results of the disciplinary hearing to the victim's next of kin, if so requested.

# **PREVENTING and ADDRESSING SEXUAL HARRASSMENT INCLUDING SEXUAL VIOLENCE**

### **A. Purpose:**

**Sexual Violence:** Includes, but is not limited to: rape, sexual assault, sexual battery, and sexual coercion. Acts of sexual violence are:

1. committed against a person's will;
2. where a person is incapable of giving consent as a result of his/her use of drugs or alcohol; or
3. where a person is unable to give consent due to an intellectual or other disability.

### **Stalking**

**Title IX Coordinator:** The University official who oversees investigations involving sexual harassment, sexual violence, domestic violence, dating violence and stalking of students and employees to ensure University-wide compliance with Title IX is the Title IX Coordinator.

**Title IX:** A provision of federal law (Education Amendments of 1972) that prohibits discrimination on the basis of sex in education programs and activities receiving federal financial assistance; sexual harassment of students is a form of discrimination prohibited by Title IX.

## **D. Policy and Procedure(s):**

### **(1) University and Individual Responsibilities**

#### **(a) Reporting and Confidentiality.**

Federal law prohibits sexual harassment and requires a prompt and equitable resolution of complaints. Therefore, acts of sexual harassment, including sexual violence, should be promptly reported to the Cheyney University Department of Public Safety and the Title IX Coordinator. All members of the campus community have a role in establishing and maintaining an environment that is free from sexual harassment, including sexual violence.

Therefore, all University employees must report any allegations of sexual harassment, including sexual violence, once they have learned of such allegations. In reporting the allegations, the employee is required to disclose the name of the victim to the Title IX Coordinator unless one of the following exceptions applies:

- (i) The victim is a student and the employee holds a statutory privilege (i.e., professional or pastoral counselor); or
- (ii) The victim is a student, the employee learned of the allegations while providing assistance to the student in the capacity of a nonprofessional counselor or advocate, and the President, with the approval of the Office of University Legal Counsel, has designated the position of the employee as exempt from the reporting requirements because he/she holds a privilege.

The Title IX Coordinator is **Robin Coward, 610-399-2430, [rcoward@cheyney.edu](mailto:rcoward@cheyney.edu)**. The role of the Title IX Coordinator includes the oversight of investigations involving sexual harassment, including sexual violence. Investigative procedures are set forth in section E of this policy. In the interest of maintaining confidentiality, the Title IX coordinator will disclose the name of the victim only to the extent necessary to protect the rights of any party involved or as otherwise required by law or collective bargaining agreement. The only individuals who may participate in the investigation are the complainant, respondent, and individuals identified as witnesses. Student and employee complainants and respondents may be accompanied by an advocate or advisor of their choice. With respect to the judicial hearing, the role of the advocate or advisor is addressed in the Student Code of Conduct.

(b) Coordination between Department of Public Safety and Title IX Coordinator.

Complainants are encouraged, but not required, to file a report with the Department of Public Safety and/or any other law enforcement agency. Cheyney University Public Safety employees should notify complainants of their right to file an administrative Title IX sex discrimination complaint with the University in addition to, and independent of, the criminal complaint. The University's Title IX investigation is different from any law enforcement investigation, and a law enforcement investigation does not relieve the University of its independent Title IX obligation to investigate a complaint. Complainants should take every precaution to preserve evidence as proof of sexual violence, domestic violence, dating violence and stalking offenses.

(c) Resolution of Complaints.

Absent unusual circumstances, within sixty (60) days of a complaint of sexual harassment being filed, the Vice President for Student Affairs' Office, in the case of allegations against a student, or the Title IX Coordinator, in the case of allegations against a non-student employee or off-campus vendor, will seek to conclude the investigation and will notify the parties, in writing, that there has been a resolution of the complaint. Where a complainant reports an alleged incident of sexual harassment, sexual violence, domestic violence, dating violence and/or stalking, the outcome of the complaint will be determined based on a preponderance of the evidence (i.e., it is more likely than not that a violation has occurred). Depending on the nature of the allegation, the university may be required to notify law enforcement in order to protect the university community. Pending the resolution of the complaint, based on the circumstances, the university may be required to take or enforce remedial measures to prevent further contact between the parties.

(d) Training.

The University is committed to ensuring the availability of training and education to prevent the recurrence of sexual harassment, sexual violence, domestic violence, dating violence and stalking. Employee and student training as to the contents of this policy is available on an annual basis throughout the year, both in person and electronically. Additionally, Cheyney University employees are required to participate in this training on an annual basis.

Title IX Officials, who are chosen to conduct proceedings to address allegations of dating violence, domestic violence, sexual assault and stalking, receive training at least once a year which includes the following topics: relevant evidence and how it should be used during a proceeding; proper techniques for questioning witnesses; basic procedural rules for conducting a proceeding; and avoiding actual and perceived conflicts of interest.

(e) Avoidance of inappropriate relationships.

University employees are advised to avoid inappropriate relationships.

i. *General Guidance*

A personal, amorous or non-academic relationship may interfere with the faculty/student relationship and may violate standards of conduct expected of all faculty by the university. Personal, amorous or non-academic relationships should not be permitted to interfere with or compromise the academic integrity of the faculty/student relationship. Sexual relations between a faculty member and a current student of that faculty member are determined by the university to be inappropriate and/or unethical. This determination also applies to relations between a graduate student and an undergraduate student when the graduate student has supervisory academic responsibility for the undergraduate. Furthermore, the determination also applies to relations between a current student and an administrator, coach, advisor, program director, counselor, or residential staff member who has supervisory responsibility for the student. As with the faculty/student relationship, this policy also covers employer/employee consensual relationships. An employee with professional responsibility or supervision of another employee who has real or potential power and authority over that individual in a variety of roles including, but not limited to, supervisor, mentor, committee member, etc., shall not abuse that power.

ii. *Consensual Relationships*

Absent contradictory evidence, an amorous or sexual relationship between individuals where one possesses or appears to possess authority or power over another is presumed to be exploitative and shall constitute unprofessional conduct. The consensual nature of such a relationship does not necessarily constitute a defense to a charge of sexual harassment, sexual violence, domestic violence, dating violence, and/or stalking, or related unprofessional conduct especially when the indirect result of the relationship creates a hostile workplace or academic environment.

Therefore, any faculty member or employee in a supervisory role who enters into a sexual relationship with a student or another employee will be subject to scrutiny if a complaint of sexual harassment, sexual violence, domestic violence, dating violence and/or stalking, is brought against the faculty member by a student or against the “supervisory person” by the “subordinate person” or if a third party brings a complaint.

(f.) False Complaints

All individuals have a responsibility to ensure the integrity of the reporting and investigatory process by conducting themselves honestly. Any person who knowingly files a false complaint is subject to disciplinary action, up to and including dismissal from the university.

In the case of a complaint against an employee, the Title IX coordinator will arrange for a Title IX investigator, who is an employee, to conduct the investigation. When the complaint is against a student, the Title IX coordinator will coordinate with the Office of Student Affairs, which will conduct the investigation and take appropriate action in accordance with the Student Judicial Code.

## **E. University Procedures for Resolution of Complaints**

### **STEP 1: All charges of sexual harassment, including sexual violence must be reported to the Title IX Coordinator.**

In order to ensure the effective handling of all incidents of sexual harassment, this policy requires that all such reports be directed to the same office on campus, namely that of the Title IX Coordinator. At this first stage of the procedure, the individual or individuals who alert(s) the Title IX Coordinator of a possible incident might not be the actual aggrieved party(ies). Both the complainant and the respondent may be accompanied by an advisor when meeting with the Title IX Coordinator or any Title IX investigators. A potentially aggrieved party may bring a complaint of sexual harassment, to a supervisor, department chair or dean, who, in turn, shall refer the complainant to the Title IX Coordinator.

In the event there are two or more complainants and/or two or more persons (respondents) charged with sexual harassment, sexual violence, domestic violence, dating violence and/or stalking in the same set of circumstances, the Title IX Coordinator or his/her designee, will decide whether the complaint will be handled jointly or separately.

The role of the Title IX Coordinator, or his/her designee is to serve as a fact finder. The Title IX Coordinator, or his/her designee, must act in such a manner as to ensure that all parties to a complaint are protected by appropriate due process and confidentiality. Should the Title IX Coordinator be accused of sexual harassment, sexual violence, domestic violence, dating violence and/or stalking, the Provost will act in his/her place. Should the University President be accused of sexual harassment, sexual violence, domestic violence, dating violence and/or stalking, the matter will be referred to the Pennsylvania State System of Higher Education, Office of the Chancellor.

### **STEP 2: The complainant meets with the Title IX Coordinator.**

The purpose of this meeting is to discuss the complaint, to gather information, and to provide the complainant with a copy of this policy, which sets forth the rights and procedures governing complaints. At this initial meeting, the Title IX Coordinator, or his/her designee, clarifies for the complainant whether or not the allegations may constitute sexual harassment, sexual violence, domestic violence, dating violence and/or stalking. The Title IX Coordinator, or his/her designee, then reviews the appropriate complaint procedure for the benefit of the complainant. Complainants are not required to file a written complaint, but have the right to do so in the manner specified in Step 4.

### **STEP 3: The complainant will receive additional clarification regarding university procedures regarding the alleged violation and general information regarding counseling.**

If requested by the complainant, the Title IX Coordinator, or his/her designee, will provide general guidance for the complainant in order to:

- (a) clarify the nature of the alleged violation.
- (b) review the university's complaint procedure.

- (c) review the complainant's responsibilities of filing a written or oral complaint.
- (d) give guidelines for what a written complaint should contain, in the event the complainant chooses to file his/her complaint in writing.
- (e) apprise the complainant, in writing, of counseling, health, mental health, advocacy and other relevant services.\*
- (f) apprise the complainant, in writing, of possible remedial actions (to reduce the likelihood of contact with respondent) with respect to changing transportation, academic, residence or working situations, if reasonably available.\*

\*\*More information on the services and remedial actions is provided in the document, Sexual Assault & Relationship Violence: What Everyone Needs to Know! Available at: [TITLE IX](#)

#### **STEP 4: The complainant files a complaint.**

A complainant may file a complaint either orally or in writing. The complainant will be given the opportunity to provide the names of any witnesses and/or documentation in support of his/her complaint. In the event that a complainant does not wish to file a signed complaint him or herself, the Title IX Coordinator, or his/her designee, will prepare a written statement with the following information: the names of the complainant and the respondent, a brief description of the alleged violation as stated by the complainant, and the date(s) of the alleged violation. Whether the complainant submits a written complaint or the Title IX Coordinator prepares a written statement, the allegations will be investigated.

#### **STEP 5: The Title IX Coordinator must decide on an appropriate course of action regarding the complaint.**

There are two possible courses of action following the filing of a complaint:

A) Based on the complainant's written or spoken account of alleged sexual harassment which may include sexual violence, domestic violence, dating violence, and/or stalking), the Title IX Coordinator, or his/her designee, determines there is insufficient reason to proceed with a complaint and counsels the complainant regarding this decision. In this case, the investigation would stop at this point, and the complainant would be notified of the determination of the Title IX Coordinator.

B) Based on the complainant's account of alleged harassment (which may include sexual violence, domestic violence, dating violence and/or stalking) and a finding of sufficient reason to proceed, the Title IX Coordinator or his/her designee, will promptly initiate an impartial fact- finding investigation.

#### **STEP 6: The respondent is notified of the complaint.**

Absent unusual circumstances, within 14 calendar days of a complaint being filed, the Title IX Coordinator will notify the respondent that a complaint of sexual harassment, sexual violence, domestic violence, dating violence and/or stalking has been filed against him/her. Depending on the circumstances, the respondent will be notified either orally or in writing. If the notification is in writing, for reasons of confidentiality, the notification will be mailed to the respondent's home address, unless the respondent is a student who resides on campus. Furthermore, if the notification is in writing, it will be sent by certified mail so that only the respondent can sign for it personally.

#### **STEP 7: The Title IX Coordinator meets with the respondent.**

Absent unusual circumstances, within 14 calendar days of having received notification of the complaint, the respondent must meet with the Title IX Coordinator, or his/her designee, to discuss the complaint. The respondent will be given the opportunity to respond to the allegations and provide any and all defenses, as well as the names of any witnesses and/or documentation in his/her defense. The University will take every precaution to protect the complainant and any witnesses from retaliatory action by the respondent. In fact, the respondent will be informed he/she is not to retaliate against the complainant in any way nor against any other person connected to the complaint as that action may result in a separate disciplinary action. Further, the respondent will be informed he/she is not to communicate directly with the complainant regarding the claim of sexual harassment, sexual violence, domestic violence, dating violence and/or stalking as this may be perceived as an attempt to discourage the complainant from pursuing the complaint. The Title IX Coordinator will attempt to resolve the complaint informally, if appropriate. If the complaint is not resolved informally, a formal investigative process will follow.

**STEP 8: The Title IX Coordinator seeks to resolve the complaint and/or to mediate a solution.**

The Title IX Coordinator, or his/her designee, may choose to meet with the complainant, absent unusual circumstances, within 7 days of having met with the respondent. Upon meeting with the respondent and the complainant, the Title IX Coordinator, or his/her designee, will seek to resolve the complaint. One of three outcomes is possible:

- (a) The Title IX Coordinator, or his/her designee, is satisfied that the respondent will make appropriate changes in his/her behavior. The Title IX Coordinator, or his/her designee, meets with the respondent to counsel the respondent about resolution of the complaint (e.g. removing inappropriate pictures from a conspicuous location). A record of the resolution would be signed by the respondent and would be kept in the Office of the Title IX Coordinator for three years. The Title IX Coordinator will inform the complainant the matter has been resolved, without providing detailed information about the resolution.
- (b) A mediated solution could be achieved which is satisfactory to the complainant and the respondent. A record of the resolution would be kept in the Office of the Title IX Coordinator for three years.
- (c) If the complaint cannot be resolved for any reason, including the nature of the allegations, the investigation will proceed as explained in Step 9. If the complaint involves an allegation of sexual violence, domestic violence, dating violence, or stalking, there shall be no attempt at mediation, as mediation will not be an option to resolve such complaints. Instead, the matter shall be referred to Public Safety, if not already reported, and/or resolved as set forth below.

**STEP 9: Action by the University President and Final Disposition of the Complaint.**

If the complaint cannot be resolved as set forth in Step 8, the Title IX Coordinator, or his/her designee, will continue the investigation to its conclusion. A report containing any and all factual findings will be submitted to the University President or his/her designee. Upon receiving the report, the President, or his/her designee, will decide what action will be taken, including, but not limited to, the dismissal of the complaint or the imposition of discipline. The decision of the President or his/her designee shall be final. All records of the formal process, including the decision of the President, or his/her designee, will be kept in the Office of the Title IX Coordinator for three years. In the event of an adverse ruling against the respondent, a copy of the decision of the President, or his/her designee, shall be placed in the respondent's personnel file. The complainant will receive a letter from

the Title IX Coordinator stating there has been a resolution of the complaint, without providing specific details regarding the resolution.

The complainant and the respondent will be notified simultaneously, in writing, of any initial, interim and final decision of any disciplinary proceeding. Where an appeal or grievance is permitted under the applicable policy, the complainant and the respondent will be notified simultaneously in writing, of the procedures for the accused and the victim to appeal the result of the institutional disciplinary proceeding. When an appeal or grievance is filed, the complainant and the respondent will be notified simultaneously in writing of any change to the result prior to the time that it becomes final as well as of the final result once the appeal is resolved.

A student found responsible for violating Title IX Policies may be assigned sanctions that include, but are not limited to, reprimand, mandatory educational workshop attendance, restrictions, no contact order, probation, suspension or expulsion. For a full list of sanctions, see the Student Code of Conduct, [Student Code of Conduct](#).

### **SEX OFFENDER REGISTRATION INFORMATION**

In accordance to the "Campus Sex Crimes Prevention Act" of 2000, which amends the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act, the Jeanne *Clery Act* and the Family Educational Rights and Privacy Act of 1974, the Pennsylvania State Police Department is providing a link to the Pennsylvania State Police Sex Offender Registry. This act requires institutions of higher education to issue a statement advising the campus community where law enforcement information provided by a State concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a State to provide notice of each institution of higher education in that State at which the person is employed, carries a vocation, or is a student. In the Commonwealth of Pennsylvania, convicted sex offenders must register with the Sex Offender and Crimes Against Minors Registry maintained by the Department of State Police. Registry information provided under this section shall be used for the purposes of the administration of criminal justice, screening of current or prospective employees, volunteers or otherwise for the protection of the public in general and children in particular. Unlawful use of the information for purposes of intimidating or harassing another is prohibited and willful violation shall be punishable as a Class 1 misdemeanor.

Information regarding registered sex offenders can be found at;

## **FIRE SAFETY**

This fire safety plan is a guide for use by the faculty, staff and students of Cheyney University. All recipients of the plan should become familiar with its contents and directors/supervisors should discuss this information with their employees. All offices should review these plans and become very familiar with the contents. New employees and all students should be introduced to these procedures during orientation.

The Cheyney Police Department has had the Cheyney University Fire Plan and Policy, Fire Alarm Policy and Procedure and other Fire Safety information listed on the CU Police website.

### **Residence Hall Fire Safety Rules**

The following are prohibited in or around the residence halls: a) the use or possession of weapons, pyrotechnics, or other materials including flammable substances which may endanger resident's health and safety; b) use or possession of items which pose a fire hazard such as hot pots, hot plates, and sun lamps, as well as candles and incense or any sources of open flame; c) the preparation of meals in a resident's room; d) smoking in any residential facility.

**The potential danger posed to the residence community by fire is very severe.** Consequently, any resident identified as intentionally, or through negligence, igniting any facility, furnishings, equipment or substance within the residence halls or tampering with fire safety equipment will be subject to applicable University and/or civil action. See Cheyney University Student Housing agreement for more details,

[Residence Hall Fire Safety Guidelines](#)

### **GENERAL FIRE SAFETY EVACUATION PROCEDURES**

#### **Fire Safety Education and Training Programs Provided to Students and Employees**

Fire safety education programs for all students living in on-campus student housing and all employees that have any association with on-campus student housing are held at the beginning of each semester. These programs are designed to: familiarize everyone with the fire safety system in each housing facility, train everyone on the procedures to be followed in case there is a fire and distribute information on the college's fire safety policies. Everyone is also provided with maps of each on-campus student housing facility that illustrate evacuation routes

and fire alarm equipment locations. During these programs, trainers emphasize that participating in fire drills is mandatory.

***Personnel may not re-enter the building until an all clear has been given by the Cheyney Police Department.***

### **Emergency Evacuation of Buildings**

The following procedure will be utilized to promote the safety and well-being of all university personnel (students, teaching faculty, and staff) in classroom and non-classroom settings. At Cheyney University, when a fire alarm sounds everyone must evacuate the building. Cheyney Police Officers will assist in the evacuation procedure.

## **Classroom Settings**

### **A. Teaching Faculty**

1. Review aloud an evacuation route for each classroom with reference to at least two exits. This should be done during the first two weeks of classes.
2. Request that class members with disabilities identify themselves in private in order to set up a plan for assistance in case of an emergency. The person with a disability should specify what type of assistance is required and expected.
3. Request that students with disabilities identify assistants for help during an emergency while in the classroom. If the student with a disability approves, can request class members for volunteers.
4. Faculty members with disabilities also need to pre-plan their evacuation strategy in cooperation with student or other assistants within the same time frame.
5. Supervise evacuation by leaving the classroom with the class immediately upon hearing the fire alarm.
6. Close classroom windows and doors, but do not lock them.
7. Provide feedback, written and verbal, following an actual emergency evacuation to the Cheyney Police Department.

### **B. Students with **disabilities** (Those with severe auditory, visual, mobility or other impairments which place them "at risk" during an emergency mass exit evacuation)**

1. Identify himself/herself to each of his/her teaching faculty, indicating the extent of assistance required. If this is not feasible, contact the Office of Student Affairs and request information and assistance. The responsibility to initiate evacuation related discussions rests solely with each student with a disability.
2. Students with disabilities are responsible for knowing their specific evacuation needs and be willing and capable of communicating such information to teaching faculty and assistants. Students with disabilities who need assistance in planning their evacuation should contact the Office of Residence Life or the Cheyney Police Department.
3. Find/request the necessary assistants to help in an emergency evacuation. If unable to find assistants, request the help of the teaching faculty to identify willing assistants.
4. All assistants should be informed/become familiar with the type of assistance that is required and expected in case of evacuation drills and actual emergencies. The assistant should also:

- A. Be serious about accepting the job of assistant to a person with disabilities.

- B. Discuss the assistance needed and do what is requested.
- C. Attempts to carry an immobilized person are to be discouraged. Contact Cheyney Police .
- D. Designated person, other than the assistant, should inform Cheyney Police Officers or the Fire Department of the location of the person with a disability and assistant within the building.
- E. People that are visually impaired or blind but mobile should be moved out of the rush of traffic, then assisted to safety by an assigned assistant.
- F. People that are hearing impaired or deaf but mobile should be made aware of the need to evacuate and assisted to safety.
- G. People that are temporarily immobilized, such as those wearing casts or using crutches, should be given such assistance as needed.

**5. Those who assist people with disabilities during an emergency evacuation are protected against liability under the Pennsylvania Good Samaritan Act as long as reasonable care is taken.**

**Non-Classroom Settings**

- A. All persons, (students, faculty and staff) should plan evacuation routes using exit signs as guides from the classrooms and/or offices that have been assigned to them.
- B. People with disabilities must make arrangements with assistants for safe emergency evacuation, as soon as possible and inform their supervisor (or person in charge) of their evacuation plans.
- C. Upon notification of the need for an emergency evacuation, all personnel will immediately exit the building using the appropriate pre-planned escape route.
- D. Elevators are not to be used by anyone during any evacuation procedures.
- E. Office windows and doors must be closed but not locked, since offices and other rooms may be used as safe areas if exits become blocked.

**Conferences, Offices and Student Affairs Facilities**

- A. Exits are posted and should be used as guides for evacuation routes in all areas.
- B. The sponsor of any event scheduled in the academic facilities shall familiarize themselves with the area exits prior to the start of the function. At the start of each session, the exits to be used shall be announced to the attendees. The sponsor is responsible for the orderly evacuation of the attendees, should an emergency occur.
- C. The sponsor of any function shall be responsible for taking steps to identify if anyone present is disabled and in cooperation with that person, determine the extent of assistance needed in the event that an emergency evacuation is required.

**Office Areas**

- A. Exits are marked in office areas and should never be obstructed with plants or even easily moved items.
- B. The office supervisors are responsible for making sure that the office personnel are familiar with all the possible exits in their areas.
- C. Staff that have disabilities and their supervisors are responsible for planning for assistance in case of emergency evacuation.

### Student Affairs Facilities

- A. The Student Affairs Facility administrators shall follow the emergency rules as stated in this plan and be responsible for informing students and others in the facility about these requirements. They should also be prepared to render assistance when needed.

## RESIDENCE HALL FIRE ALARM SYSTEMS

- Alarm pull stations are activated by completely pulling down a lever located at the lower half of the alarm station cover. Pull stations are located near exits and stairways. Fire alarms can also be automatically tripped by actuation of smoke or heat detectors.
- When activated, the alarm system in residence buildings causes an alarm to sound continuously throughout the building.
- Individual room smoke detectors sound an alarm only in that room.

## **Testing**

Fire alarm systems are installed, repaired, and tested, by outside contractors and Facilities. All horns are checked for operation. Alarms in the Residential Halls are completely tested every six months by an outside contractor in accordance with NFPA regulations. Problems are corrected as quickly as possible. Records are maintained in the Cheyney Police Department concerning all tests.

## **False Alarms**

Persons who knowingly turn in a false fire alarm endanger the lives of others and may cause damage to the persons and equipment responding to the false alarm. This is a violation of the Code of the State of Pennsylvania and may result in jail terms and/or fines. Persons maliciously activating fire alarms or fire detection equipment will be severely disciplined. Possible dismissal from student residence, expulsion from school, and/or criminal prosecution is possible.

## **Investigations**

All fire alarms are investigated by the Fire Marshal to determine the cause and to prevent recurrence of the alarm. A fire incidence report is completed by the Cheyney Police in Residence Halls and in academic buildings. Reports are kept on file in the Cheyney Police Department.

## **SMOKE DETECTORS**

Smoke detectors respond to both visible and invisible products of combustion and sense fire at the earliest practical detection stage. Since the mid 1970's, when smoke detectors became widely available, there has been a tremendous reduction in the number of fire deaths in the U.S. Smoke detectors are used for numerous fire alarm functions ranging from warning occupants to automatically closing doors.

## **Locations**

Hardwired smoke detectors are located in the halls and in each student room. Detectors located in the halls and other public areas are connected to the building alarm system. Smoke detectors are connected to the fire alarm system and provide many functions such as shutting down air handler units, elevator recall, and release of magnetic door holders. These detectors are powered by the building fire alarm power source.

## **Inspections**

Any smoke detector problems should be reported to the Campus Living Assistant or Director of Housing as soon as possible. The CLA inspects all room smoke detectors during school closings (Thanksgiving, Winter Break, Spring, Summer). Inspections are documented and sent to the Cheyney Police Department for review. All problems are sent to Office of Housing for repair.

Hardwired smoke detectors in the Residence Halls are inspected by an outside contractor.

## **Maintenance**

In order for smoke detectors to function properly they must be periodically cleaned and tested. Dust accumulates in detectors over time and reduces the ability of the detector to detect smoke. Simple vacuuming on a regular cycle increases life expectancy and reliability. Hardwired smoke detectors in the Residence Halls are cleaned and tested by an outside contractor to ensure the sensing chamber and alarm circuits function properly.

## **Abuse**

Misuse, deactivation or tampering with smoke or heat detectors is prohibited. Smoke detectors must not be covered or blocked. Nothing may be attached to the wiring of hardwired detectors.

## **WHEN A FIRE ALARM SOUNDS IN A RESIDENCE HALL**

1. All hall staff must go to their designated locations to begin evacuation of the building.
2. Evacuate the building according to each hall's established plan.
  - a. Until it is determined to be a false alarm, every attempt should be made to gain entry into student rooms to alert them of the fire.
  - b. Knock loudly on all residents' doors announcing the need to evacuate immediately.
  - c. Check all public and common areas of the building.
3. Secure the floors so access is denied until the "all clear" is given by the Cheyney Police Department and the fire detection system has been reset.
4. Follow all designated procedures in notifying and helping evacuate students with disabilities.

### **If you notice an increase in room temperature or a strong smell of smoke in your area:**

1. *CAREFULLY FEEL THE DOOR OR DOOR KNOB USING THE BACK OF YOUR HAND.* If it is hot, do not attempt to open. If you feel no heat, then;
2. *PARTIALLY OPEN THE DOOR WHILE STANDING BEHIND IT FOR PROTECTION.* Survey the existing condition before exiting. If your passage is blocked, then;
3. Close the door and use any available material (towel, shirt, blouse, etc.) to seal door cracks and openings. If a water source is available, soak materials before packing them into place.

4. Use the room phone to contact Cheyney Police (610-399-2405 or x2405 on a campus phone) to let them know your exact location. If no telephone is available, signal your location by placing a cloth or similar material out the window.
5. *IF SMOKE BEGINS TO ENTER YOUR AREA*, partially open a window and stay near it, keeping low and breathing the fresher air from outside.

**Residence Life staff is to follow the procedures outlined in their evacuation plan.**

#### **Immediately upon hearing the fire alarm, notify Cheyney Police at X 2405.**

Students, faculty, staff, administrators, and visitors to our campus are expected to observe appropriate fire safety practices by exercising prudence and adhering to the procedures and regulations established. **It is a serious violation of this policy**, as well as a significant safety hazard not to leave the building when the fire alarm is activated.

Upon the sounding of the fire alarm, all persons occupying the building at that time are expected to adhere to the following:

1. Immediately exit the building using the nearest exit door.
2. Cheyney Police Officers and Security will go through from the top floor down, evacuating every room, sending all residents down the steps. This must be done quickly and orderly. Cheyney Security Officers will assist Cheyney Police.
3. Everyone **MUST** evacuate the building and adjacent areas **MUST** be completely cleared.
  - a. Feel doors before opening. If hot, do not open.
  - b. If there is smoke in the room or in the hallway, grab a blanket or a towel to prevent smoke inhalation. Also, be sure to stay low to the ground.
  - c. Be sure to lock your room door and take your key with you. Do not attempt to use the elevators.
  - d. In the event the fire alarm sounds in the evening or at night, be sure to leave the ceiling light in your room on the "on" position.
4. Once you have exited the building, move at least 500 feet away from the building. When you arrive in the Marcus Foster area, check-in with the AD or designated Team Leader, so that you can be accounted for, and it can be documented that you have safely evacuated.
5. All persons are to remain in the designated safe area until the signal to return has been given by the Cheyney Police Officer.
6. An "All Clear" signal will be given by staff member or police at which time students may re-enter the building.
7. Anyone who fails to evacuate the building when the fire alarm sounds will be given a Judicial and a Criminal Citation.

## **ACCOUNTABILITY**

### **During an evacuation:**

IF THERE IS FACULTY, STAFF OR STUDENTS THAT ARE UNACCOUNTED FOR DURING AN EMERGENCY EVACUATION, INFORM CHEYNEY POLICE AND/OR THE FIRE DEPARTMENT PERSONNEL IMMEDIATELY. OTHERWISE IF/WHEN REQUESTED, THOSE ACCOUNTABLE HAVE TO REPORT TO CHEYNEY POLICE OR THE FIRE DEPARTMENT.

Each department must have a system of accountability in case of evacuation.

In the residence halls, the hall staff member(s) is/are responsible for ensuring that all the floor residents know of a meeting place outside of the building and that all the residents of the floor have evacuated.

In the classroom, the faculty member is responsible for evacuating and accounting for students in his/her class.

The director, chairperson, or supervisor is responsible for informing the office/departmental personnel of a meeting area outside of the building and accounting for the personnel.

Verbal/written feedback regarding any emergency evacuation should be provided to Cheyney Police, who in turn will share the information with the Concordville Fire Department, and Student Coordinator, and others with a need. Feedback from disabled persons should be especially sought and changes in their emergency evacuation strategy made on an as-needed basis.

### **FIRE LOG**

Cheyney University maintains a fire log that records any fire that occurs in an on-campus student housing facility. The log shows the date of the fire, the date reported, the incident report number, the location, and the nature of the fire. This fire log is maintained by the CUPD and is available for inspection by the public at the CUPD Dispatch Office. A copy of the fire log and appropriate documentation is available from CUPD upon request. This fire log is updated when an on campus student housing facility fire is reported.

### **NON- EMERGENCY FIRE REPORTING**

Per federal law, Cheyney University is required to annually disclose statistical data on all fires that occur in on-campus student housing facilities. Listed below are the non-emergency numbers to call to report fires that have already been extinguished in on-campus student housing. These are fires for which you are unsure whether the Cheyney University Police Department may already be aware. If you find evidence of such a fire or if you hear about such a fire, please contact one of the following:

Cheyney University Police Department: 610-399-2405 or Cheyney University Housing: 610-399-2428

When calling, please provide as much information as possible about the location, date, time and cause of the fire.

### **PLANS FOR FUTURE IMPROVEMENTS IN FIRE SAFETY**

We need to update our fire safety education program and upgrade fire safety alarm systems, due to the current campus relocation of staff, and building demolition.

## MISSING STUDENT NOTIFICATION

### Purpose:

Cheyney University of Pennsylvania is required by federal law to comply with HEA missing student notification regulations.

### Definition:

Higher Education Act 34 CFR 668.46(b)(14). HEA missing student regulations apply only to students who reside in on-campus housing. This applies to students residing on-campus in student housing, declared missing for 24 hours. This policy is *strictly for missing person purposes*.

### Procedure:
