

2020-2021 Academic Calendar

The Academic Year

The academic year consists of 30 weeks divided into two semesters. Each semester consists of at least 70 instructional days (14 weeks) and 5 exam days (1 week). The Fall Semester begins in August and ends before the Thanksgiving holidays; the Spring Semester begins in February and ends in May. Some academic programs also operate on an accelerated schedule of a 7.5-week session in the fall and a 7.5-week session in the spring. Please check with the department chair to find out which programs run on this accelerated schedule. See the academic calendars provided at the beginning of this catalog.

There will be approximately four to ten weeks between the end of the Fall semester and the beginning of the Spring semester. There is no spring vacation period in March. Instruction is also suspended on holidays, (i.e., Memorial Day, ML King Day, and Independence Day).

Optional summer sessions are offered and are divided into two 5-week sessions or one 11-week session. This offers significant opportunities for entering freshmen and other students who wish to accelerate their studies and satisfy degree requirements. The summer session begins approximately one to two weeks after the conclusion of the Spring Semester.
