**Instructions:** Fill out this form completely including securing the signature of the instructor or department chairperson. After payment for each withdrawn course has been with the Bursar's Office, this form must then be submitted to the Registrar's Office for processing. A final grade of "WC" will be posted on the transcript for each withdrawn course. This "WC" grade posting process does not reduce or change the student's registered credit status. If this form is not remitted to the Registrar's Office after payment is made, the student will still be considered enrolled in the course (regardless of attendance activity) and will receive a final grade for all coursework that was submitted, which could equate to a "F".
